GETAWAY GUIDELINES

Privacy is an integral part of the Sybaris Clubs concept. It is not a hotel and is not to be used as a hospitality suite. Each Sybaris Suite is intended strictly for the use of two people. Guests, children or pets are not allowed. Sybaris reserves the right to refuse anyone who is not a member. Members are subject to the membership rules and violation of these rules may result in being asked to vacate the premises.

Ken Knudson, entrepreneur and visionary, created Sybaris Clubs in 1974. A special place where couples could escape from the stress of everyday life - to a place of romance, where time stands still and stress melt away. It's a haven to focus on an important factor in maintaining a successful marriage ... quality time - time for talking, laughing, sharing, romancing. Time for just each other.

Kenneth C. Knudson
Sybaris Founder
 1944 - 2006

The Club concept means that Sybaris is unlike an ordinary hotel. It enables us to create a totally romantic environment that is meant just for the two of you. The total focus is on relating to each other and eliminating outside distractions.

After 40 years, Ken's idea is still growing. We are continuing to find new ways to improve the Sybaris concept of a private paradise. Many of the improvements over the years have been prompted by the suggestions from you, our Members.

In memory of Ken Knudson's dream, we would like to express our appreciation to you for being a part of the very special experience that is only available at the Sybaris.
